A research quarterly published by

Molly Bateman Reigard 1321 Gum Tree Huffman, Texas 77336-4021

Quarterly family publications for the following families.....

THE THREE BELLS.....material from all states. Published since 1980.

CHILDRESS CHATTER..material from all states, some from England. Published since 1979.

JOHNSON QUARTERLY..material mostly from southern lines. Published since 1991.

ROGERS ROOTS.....mostly southern lines, but does include some northern. Published since 1991

All of the above newsletters are published in Apr., Jul., & Oct. Free queries to subscribers. All back issues are available at \$ 2.00 per year (4 issues). Sorry to say, none are indexed.

New subscribers are requested to send copies of their FAMILY SHEETS when subscribing. This lets me list an ancestor along with the subscriber name and address for the benefit of all subscribers.

I also maintain a depository for research material for these families, to keep information for future generations. The material will, at some later date, be placed in a library or University, where this material will be at the disposal of all. You are urged to place your material in this depository.

You will be notified if a request is made for information about your family, but to do this I need YOUR information.

PLEASE SEE INSIDE BACK COVER.....

Please send copies of your _____ family information. This information is placed in my files for referrals to others who may be searching your line also. You will be informed when an inquiry comes in for your ancestor and put in touch with that person. The more complete your info.... the better chance you will have to make a connection with an interested researcher.

Ancestor charts are great BUT family sheets are better. Look at all the names on a family sheet, compared to the one listing for each head of family and spouse found on the ancestor charts. Also, if you have copies of wills-census-marriage listings- a lineage you have picked up in your research, or other material you would like to share, I would appreciate copies of these also. We ALL gain by sharing information...information which also can be used in future issues of this publication. With everyone sharing info...we all benefit. I have also formed a depository for this family info.

When you send in your information, I will search my files for your ancestor.

CORRECTION

CORRECTION - PLEASE READ AND TAKE NOTE

I wish to apologize to Garland and Leda CHILDRESS for a mistake I made in the last issue. You know, if you sit and do nothing - you will never make a mistake. If you do something, you WILL make a mistake now and then.

In the last issue I reported on Philip CHILDERS, ancestor of Garland, that Philip married Mary GREEN and that Philip was the son of Robert CHILDERS and Mary SEAMAN. **THIS WAS WRONG....** Please see the following remarks as made by Garland for correction to my mistakes. *Garland I am very sorry for this error on my part. If you would like to make further corrections, please let me know and it will be in a following issue.*

Your package of Childers notes arrived here November 12, and I have been considering the contents. In the letter you posed a question about "couzins" as it pertained to Philemon and the children, and grandchildrer of Abraham Childers. Our late friend, Frank Jenkins, first saw the truth to this question before his death. And the answer is; ABRAHAM was PHILEMON's UNCLE. See enclosed lineage chart by Jenkins, which I have further extended.

I include with the chart, four other pages which will substantiate both claims of Jenkins, and myself. The contents of the first two pages pertain to, Phil/Philip/Phillip records, which include my PHILIP who is no proper relation to the Philip who landed in Virginia in 1673 from England. The remainder of this review is of that particular Childers Family alluded to by Frank Jenkins. I never met this Mr. Jenkins, however, I have missed having him around all these years.

You asked; Would I like to take on another Christian name in the Family Childers? To answer; I have a lot that is incomplete on this project, and perhaps another project would get in the way of this one, I do want to be accurate and thorough.

I know by now you have sorted out my lineage problem posed during our phone conversation last week. Just always remember, I do not go back any further than, Philip Childers, b. ca. 1745/50 d. 1812 in Goochland Co., VA. I would hope before departing this life, I manage to cross that gap in this English-American Family bridge.

I shall close these remarks by again emphatically declaring; NO, ALL CHILDERSES DID NOT DESCEND FROM ABRAHAM CHILDERS! Some have made him out to be a wealthy gentleman, descended from the Hugh Childers Family, wher in reality, he most probably came, like most our ancestors, a penniless Head-Right of a landed Virginia Planter, and not from an upper-crust family who paid his own passage, and bought a large Plantation upon his arrival.

A MAN NAMED PHILIP CHILDERS MIGRATES TO VIRGINIA

PHILIP CHILDERS is transported to Virginia, along with Ann DAILEY on the 26, day of May, 1673 from ENGLAND as head-right of James Akin and Richard Womack, landed Virginia Planters. Virginia Patent Book 6, p. 454, Henrico Co., Virginia. Abstracts of Cavilers & Pioneers. By: N.M. Nugent. In that same year, (1673) on October 27, John Maines received head-right land for transporting two persons; PHILEMON CHILDERS & Thomas Crompton. In the muster rolls of October 15, 1755 (Capt. Bell's Co.), PHILEMON CHILDERS is listed as having mustered in service, September 26, 1755. Also, the name PHIL appears on numerous Historical Documents in the Virginia records so, the abbreviated PHIL may stand for PHILIP/PHILLIP, or PHILEMON.

I, Garland K. Childress, have not found any record establishing lineage from my oldest known ancestor; PHILIP CHILDERS/CHILDRESS b. 1745/50, to any of the above Philip/Phillip CHILDERS lines. My Phil/Philip/Phillip, first left records in Virginia, Goochland County, in 1771, and in November 21, 1773 when he married Mary GREEN. My family records remain at that point where they were thirty-five years ago, showing no progress and void of any substantial theories.

On the following pages I have attempted to "bridge" some family lines from England to Virginia, using records going back to collections of Col. Gracey Childers.

CHILDERS Vs. SEAMAN

11 July 1674

James CHILDERS of Barking in County Essex, Yeoman, complains that whereas about the year 1652, Robert CHILDERS, plaintiffs father late of Wenhaston in County Suffolk, deceased, being seized of several messuages, (dwellings) lands tenements in Wenhaston, of the clear yearly value of L-50, & being obliged to sell the same, could not make the purchaser a good title to the same unless, Mary CHILDERS, his then wife-since deceased, plaintiffs mother would join hem in the levying of a fine, which she at length consented to do, on condition; that out of the purchase money, L-350 should be placed in the hands of James SEAMAN late of Wenhaston, dec'd. father of the said Mary (CHILDERS), for the use of her and her heirs. The said James (SEAMAN) having received the said sum disposed of it at interest to Paul SEAMAN, of Wenhaston, who for the payment thereof entered into a bond of L-500, dated 7 Feb. 1652.

The said Robert & Mary CHILDERS are now both dead and the said money is still unpaid, which ought to be paid to plt. as administrator of the goods of the said Mary, but the said James SEAMAN being dead, John SEAMAN his son & executor has combined with the said Paul SEAMAN to "do" Plt. out of the same. Plaintiff prays for remedy.

Richard Childers, son of Richard Childers, Christened 14 June 1606 Leeds, St. Peters Parish.

Robert Childers, son of Richard Childers, Christened 3 April 1611 Leeds, St. Peters Parish.

William Childers, son of Richard Childers, Christened 8 September 1616 Leeds, St. Peters Parish.

Richard Childers, son of Ralph Childers, Christened 9 May 1574 Leeds, St. Peters Parish. This Richard was buried 15 Sept. 1627 and is, to the best of my accounting, FATHER of the above progeny. Robert, his son, who m. Mary SEAMAM, daughter of James, is the father, according to my calculations of the following children. The above Abraham, Richards son, is most probably that Abraham that came to Virginia ca. 1645.

ENGLISH RESEARCH Continued.

Robert CHILDERS & Mary SEAMAN had the following children, perhaps more.

James CHILDERS, date of birth, death and marriage unknown. He was heir to the estate of his father, (see CHILDERS VS. SEAMAN above text) and was living at Barking, County Essix, England in 1674.

Philemon CHILDERS, born 26 November 1637. Probably to Virginia, Charles City County, as head-right 27 October 1673.

Thomas CHILDERS, born 9 March 1640. Probably came to Virginia as head-right in April 1667.

Phillip CHILDERS, born ca. 1645. Probably to Virginia as head-right 26 May 1763. I have nothing to indicate this Philip information is factual with this exception; Philemon and Phillip are shown in the Virginia records to have been transported to Va. in the same year, and only five months separating their arrivals. As there is only record of one Philemon in England at the time, I would not think two men of the same Christian name would have come from England in the same year. It is probable, Phillip & Philemon planed their leave at the same time but, were unable to obtain head-right passage on the same boat.

RICHARD CHILDERS
Administration Act Book 1658

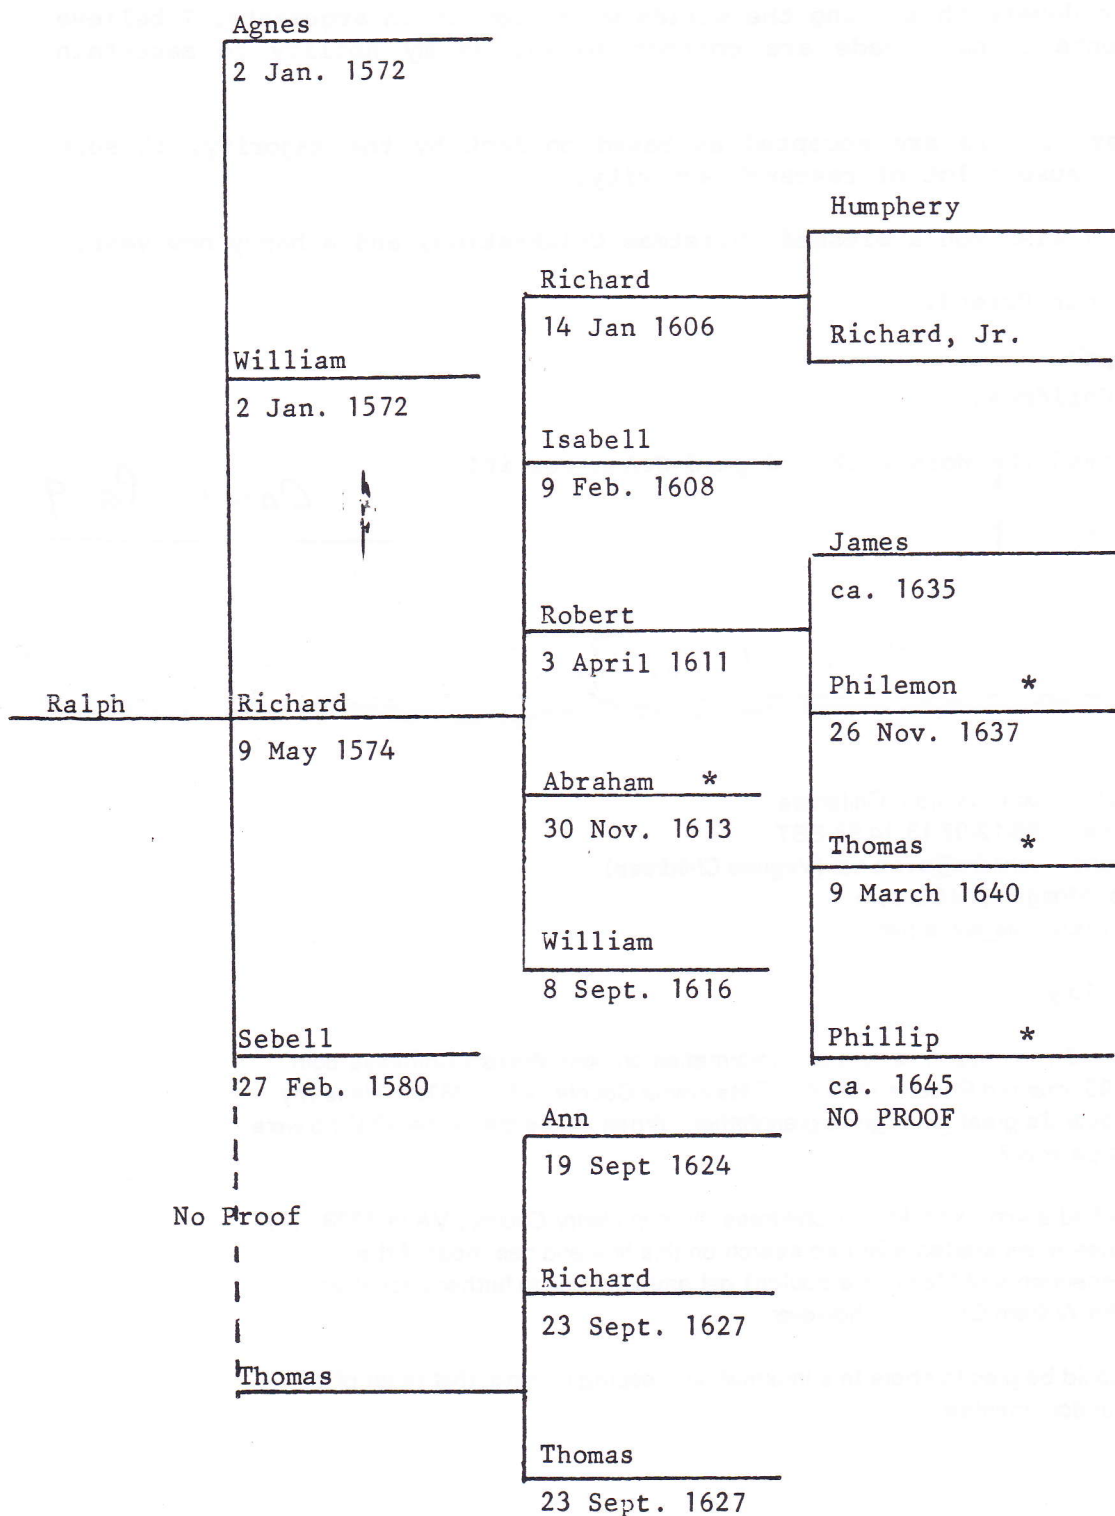

On this third day of December, 1658, Letters of Administration were granted to Humphery CHILDERS, son of Richard CHILDERS, Senior late of Carlton Colville in County Suffolk, intestate, to administrator the goods &c. of deceased. p. 9, English Records compiled by; Edythe Whitley, from collection of Col Gracey CHILDERS, 1939. From this it would appear Richard also had a son, Humphery, and this establishes Richards death in 1658. On page 28, same source as above, shows one Richard CHILDERS of East Retford, County of Nott. died 21 September, 1627 and that his son and next heir, Richard CHILDERS was then aged 16 years and one month. Richard of Carlton Colville was his son, and Humphery, son of Richard, was a grandson of the Richard who died in 1627. These Whitley Records show Richard having died on 21 September 1627 and burial on 15 Sept., same year. I just left things as they were. This is what real confusion is!

On the next page I plan to reproduce a Lineage Chart which was first produced by the late Frank Jenkins. On said chart I shall only add some names to those children of Robert CHILDERS.

Dear Molly,

For over 17 years I have wanted to say what I have said in the following pages. Yet I have always held back in fear of offending someone, or fear of having to debate them-being the worlds worst looser in arguments. I believe the statements I have made are correct so far as my ability to ascertain serve me.

If these papers are accepted as based on fact by the majority, it sure is going to cause a lot of research activity.

Again, I wish you a Blessed Christmas Celebration, and a happy new year.

Sincerely, Your Friend,

Garland

Hi Molly,

Would you happen to have any information on John William Childress born 1795, married Phoebe Midkiff in Pittsylvania County, VA in 1818? He is my husband's great-great-great grandfather. When did he die? Where? Who were his parents?

He had a son, John Martin Childress, born in Henry County, VA in 1828. My father-in-law started a limited search on this line and has most of the descendents of Martin. He couldn't get any information further back than John William Childress, however.

I would be glad to share this information, keeping in mind, that most of it is undocumented.

ABRAHAM CHILDERS 15 OF YORK COUNTY, ENGLAND & CURLES, VA.

Those records that have survived the centuries tell us that Abraham Childers was born in the year 1613, probably near Leeds, England. And that he came to Virginia about 1645/50, and indications are that he married Ann Howard, daughter of John, ca. 1652. They were the parents of at least one child also by the name of Abraham 26, born at Curles ca. 1653/54. No other children are listed, or inferred in those official records now existing.

Abraham 15, is said to have died about 1678/79 at Curles in Henrico County, Virginia. During his tenure of life in Va. he left only one presently existing personal document, a land transaction between himself and William Harris. This tract was purchased on February 28th 1656, and contained in excess of 500 acres. This record, other than a fragmented document or two pertaining to militia status, and some civil references is all that exist after over three-hundred years. Evidently by this time, all existing records have been accounted for.

Abraham 26, sold that land his father, Abraham 15, had purchased. The date of sale is given as Feb. 10th 1680/81. "Know all men b these presents that I, Abraham Childers, son and heir of Abraham Childers dec'd" sells land "which my father purchased of Wm. Harris & given to me by his last will". By all evidence; Abraham 15, died intestate.

Primogeniture law at the time of this "verbal" will prohibited a younger son from inheriting the primary assets of a fathers (parents) estate. By this reasoning, Abraham Childers 26, was his fathers eldest living son at time of the inheritance. If Philemon Childers 22, had been the brother of Abraham 26, he would have been the inheritor as it is obvious Philemon 22, the son of Robert 14, was much older than Abraham 26. (see Frank Jenkins writings and corrections to writings of Edythe Whitley).

On the 20th day of August 1686, Philemon Childers 22 wills to "COUSINS" Abraham 64, Henry 63, Robert 60, sons of Abraham 26. Why did philemon refer to these three recipients as COUSINS, not as many researchers have continued to argue for, NEPHEW? Because they were in fact his 2nd cousins, sons of his cousin, Abraham 26,! For other proof that Philemon 22, was a nephew of Abraham 15, see computer file index of York County, England Feb. 1, 1975 compiled by; Church of Jesus Christ Latter Day Saints, and a compilation by Frank Jenkins, Written before 1980, and titled: CHILDERS OF ST. PETERS PARISH, LEEDS, YORKSHIRE, ENGLAND.

In his writing Mr. Jenkins makes very good use of the above mentioned "Morman" records and other reliable sources to refute the claim that Philemon Childers 22, b. 26 November 1637 near the town of Leeds, England and Abraham Childers 26, b. ca. 1653, probably at Curles, Virginia were, as some have claimed, brothers. In a lineage chart Mr. Jenkins shows Philemon 22 to be a son of Robert 14, while Abraham 15, is shown to be the son of Richard 8,.

My personal conclusions are: Current existing records prove Philemon Childers and Abraham Childers, Jr. were COUSINS, not Brothers.

For those who have reviewed the preceding paper and are not convinced of its veracity, and that my arguments are based on sound research procedures, please read the following evidence:

HENRICO COUNTY, VIRGINIA DEED BOOK

(A small book not numbered. Mr. Waddill's transcripts, page 91:)

Deed dated June 1, 1698 PHILEMON CHILDERS, SR. (22) of Henrico County for love and affection to my son, THOMAS CHILDERS 300 acres of land on north side of James River in the County aforesaid, and on that side of the tract where the said Thomas now liveth, it being part of a greater quantity of land granted to me by patent bearing date of ye 20th day of April 1685. Likewise to my son ABRAHAM CHILDERS 268 acres it being the moiety or one half part of a patent taken up and patented between Nicholas Perkins and myself in 1672.

Witnesses; Robert Woodson, Sr. John Woodson, Sr. Judith Woodson.
Recorded, June 1, 1698.

This proves beyond any question that PHILEMON CHILDERS (22) was born much earlier than 1657. At the time of the preceding transaction (1672), a person born in 1657 would have been only 15 years old, and legally unable to transact any deed of patent. Indications are that he was much older, perhaps 35 and most likely not a brother of the Abraham who married Ann Pew. Anyway, this is my opinion. What say ye?

There remain unsolved, many problems of research done in the past. I also noticed while researching PHILEMON CHILDERS (22), that nowhere does it say in the official records that Griffen Evans was the father of Philemon's wife Mary. It is inferred, however, I failed to find where Mr. Evans referred to the children of Philemon as grandchildren. Perhaps I may have inadvertently overlooked it.

Henry's parents were Robert Childress prob. b & d Goochland Co., VA and Rachel Estes (or Easters or Eastridge—I have seen all three). Henry definitely had a brother Joel (whose gdaughter married James K. Pdk, Pres. of the U.S.) and, I think, other siblings: Nancy, John W., William Abraham, Robert A., and maybe Abram, although that seems unlikely.

Robert's parents were John Childress b 1730 d 8-1797 m 1753 Rachel Perkins.

Does anyone have anything to add or correct?

cite your sources.....

For some time now, we have been talking about proving and updating the material in the workbook, beginning with Hugh CHILDERS, & his sons who came to America. But what about YOUR last known ancestor.....Do you have YOUR line noted with sources? Have you noted WHERE your info came from. In other words - do you cite sources for your material?

I would like us all to reconsider exactly WHAT material you have sent to me. WAS it documented....did you cite your sources? Did you just put down a lot of names and reported "this is my line" without documented proof? For those of us who use computers and print out an ancestor decendancy chart let me startle you by saying....they are only good for fire starter. This type of info does not show ANYTHING but a lot of names....NO DOCUMENTATION. NO PROOF OF STATEMENTS MADE, usually NO LOCATIONS....in other word - USELESS! PLEASE save your time and effort and put it into documentation efforts.

Example - Your ancestor - name - prove his name, where did you find it?
born: where - when (prove) died: where & when (prove)
married: where & to whom (prove) children: list all - where did you find this list of children
Where did this family live: cite census records - date .county & state
Interesting facts about anyone in this family - report it.

As a beginning check list for the needed info above, be sure to check:

Birth record

Death record

Church records

Deeds

Land records

Cemetery/tombstone record

Old family letters

Family traditions (be careful

with this but do not ignore
it either)

Marriage records

County histories

Divorce records

Census records

Wills

Succession records - very good, as this document usually lists ALL heirs and where they are living at the time

Military records - when sending for this, be sure to ask for copy of everything in the folder.

Mortality schedules

Family Histories - be sure to check documentation on these published reports

In the back of the CHILDRESS FAMILY WORKBOOK is a section for those who would like to place their lineage untill they can connect to the main chart. NO LINEAGES WILL BE ACCEPTED WITHOUT DOCUMENTATION. IF A STATEMENT IS MADE AND NOT DOCUMENTED - THE RESEARCHER SHOULD REPORT "NO PROOF" ON UNDOCUMENTED STATEMENTS.

Look at your material....is it documented....do you cite sources....can you prove statements. Go back over your material with a fine tooth comb and send me a truly documented version of your material. This is the only way a GOOD genealogist can work....ARE YOU A GOOD GENEALOGIST? Will your material be there for future generations who will say "this is really good!"

DO YOU HAVE A RESEARCH PLAN

I found this on the internet and thought it a very good "research plan"
You might use this "plan" to unlock some brick walls in you research
